President's Corner

Happy March Everyone!

We have almost made it through another Colorado winter. Almost being the key word. We all know that March is our snowiest month so we will see if it holds true this year or not. A little snow notwithstanding, March is still a great month. It does signal that spring is right around the corner, it also means spring break and Bike Week in Daytona and Arizona!! We sometimes think we have issues up here, but can you imagine being a risk manager in some of the more popular spring destinations? Those folks have their work cut out for them, but then Mother Nature can make sure that we do too.

Okay, enough dreaming about warm weather, bikes, and well you know what goes along with warm weather and bikes; we better think about the risks that we might have to deal with over our "spring break". I have already heard of the record snowfall up in the mountains, and right now at least all of Greeley's reservoirs are full. This means that our high mountain record snowfall can turn into record melting this spring. Greeley had minor flooding last spring due to the snowpack, but it still cost over \$200,000 to repair the damage to the infrastructure. Some areas of the country have already experienced harsh weather in terms of severe thunderstorms and even tornados. It isn't too early to dust off that COOP or the EOP and see if things are in order for the upcoming severe weather season.

The National PRIMA Conference is scheduled for June 5th through the 8th. The national conference committee has put together an outstanding program once again with some excellent educational sessions. The early bird registration ends on March 11th. So if you are planning on attending, better get your reservations in today!

Last month Dennis Molenaar gave an excellent presentation on how keeping bad employees can spell disaster. In keeping with that theme, this month Max Haynes from Ergo Med will give a presentation on how post offer screens can also protect you and your entity, especially in the Workers Comp arena. Max is a great presenter and I am sure that you will find his presentation interesting and worthwhile!

And lastly; we meet this month on Saint Patrick's Day! I wish I could report that we would be having green beer with lunch, but probably not!!

Have a great, safe month!

Doug Clark
2011 Colorado PRIMA President
